Company Profile

Z-Com, Inc. is a leading global solution provider dedicated to research, design, development, and manufacturing of wireless data solutions for broadband wireless Internet access as well as various mobile data applications. Headquartered in Science-Based Industrial Park of Hsinchu, Taiwan, or what is commonly known as Taiwan's 'Silicon Valley', since 1995 Z-Com has outshined the competition by focusing on its goal, which is to deliver quality high-performance and yet cost-effective wireless networking end devices to our very dear OEM/ODM customers

An original member of the Wireless Ethernet Compatibility Alliance (WECA), over the years Z-Com has been well regarded as a knowledgeable, innovative, and dependable Wireless Local Area Networks (WLAN) solution provider. Focusing on building and strengthening core wireless broadband networking R&D, service, manufacturing, and administrative basis, such steadfast approach towards becoming a complete wireless networking company has paid dividends thus far.
